Customer Product Quality Complaint Form

Date: 15-Jul-2026

Complainant: Robert Alvarez, QA Officer, Nexus Generics Ltd.

Contact: r.alvarez@nexusgenerics.com | +1-555-0198

Product Name: Atorvastatin Calcium API

Product Type: API

Batch/Lot Number: ATC-2506-14

Quantity Affected: 40 kg of 200 kg batch

Manufacturing Date: Feb-2025 Retest Date: Feb-2027

Description of Complaint:

During dissolution testing of the finished tablet batch manufactured using this API lot, the related substances (impurity D) result came back at 0.38%, exceeding our internal specification limit of 0.30%. Two independent retests confirmed the elevated impurity level. No adverse events reported; issue was caught during in-process QC before batch release. Suspect a deviation during the API crystallization/drying step. Requesting formal investigation, root cause analysis, and CAPA. Batch has been quarantined pending investigation.

Reported Category: Quality Defect

Date of Occurrence: 10-Jul-2026
